I guess just because they will need to do an amendment to add the state listed plant.

Ya I didn't know why they were calling to tell me? I mean if they are purchasing the 6 acres of Corps buffer credits, then wouldn't it just be a credit sale, biz as usual?
Why does the IRT need to know this?

Subject: Petersen Ranch- Question

Got a call from CDFW re: Petersen Ranch mitigation bank.
Apparently, Newhall Ranch is working w/ USFWS to do an introduction of the state endangered San Fernando spine flower on the upper buffer region of Elizabeth Lake which is on Petersen Ranch MB property. Newhall will purchase 6 acres of credit from Corps. CDFW will do an amendment to the banking agreement and make those credits unavailable for sale.

It sounds ok to me. Corps seems ok with it. Any concerns?

Sarvy
